	 2 ministers	0/7  0%	 16.6%	Yes	No	 30% 28,000 members
	 1 minister	0/2  0%	1/17  5.8%	N/A	No	N/A

Some challenges faced by women in Political Parties

Women's committees have been largely ineffective in encouraging broader participation of women in leadership positions.

Female politicians are patronized and sexualised, and do not feel valued.

Times constraints linked to domestic + household chores and duties severely limit the ability of women to commit to political careers.
